SIR:

The Examiner has identified specific features of the claims in the Examiner's Statement of Reasons for Allowance. Applicants' invention is defined by the entirety of each claim and not just by the specific features recited in the Reasons for Allowance. Applicant reserves the right to later contend that Verachtert (U.S. Patent No. 4,481,106) fails to disclose additional features of the claimed invention other than the feature identified in the reasons for allowance.

Respectfully submitted,
